

ATTENTION: ACTION REQUIRED!

ENHANCED SECURITY

If your system is not listed below, you are required to perform an update immediately so you will be able to access DSB Online Banking.

To maintain the security of connections, our Online Banking service provider will be disabling older secure communication protocols TLS 1.0 and TLS 1.1.

What this means to you: If you currently use DSB Online Banking and have an outdated Operating System and Web Browser, you will not be able to use DSB Online Banking until the appropriate upgrades are completed.

Below is a list of compatible programs to make sure you will be able to continue DSB Online Banking:

Operating System	Web Browser
Microsoft	
<ul style="list-style-type: none">Windows 7Windows 8Windows 8.1Windows 10Server 2008 r2	<p>Running Internet Explorer 11</p> <p>Running Internet Explorer 11 or Microsoft Edge</p> <p>Running Internet Explorer 11 or Microsoft Edge</p> <p>Running Internet Explorer 11 or Microsoft Edge</p> <p>Running Internet Explorer 11</p>
Apple	Must run Safari version 5 or higher
Alternate Browsers	Mozilla Firefox version 27 or higher Google Chrome version 38 or higher

We do not have any way to verify the operating system or browser being used on your computing device, if you are unable to determine this for yourself please contact a local computer specialist to determine your operating system and browser versions.

Thank you!
