

Denver Savings Bank Named Among the Top Extraordinary Banks in the USA

Denver, IA, September 11, 2018 - Denver Savings Bank was just named among the top extraordinary banks in the United States by The Institute for Extraordinary Banking™.

Denver Savings Bank was recognized with the Institute's Banky™ Award for its commitment to strong community banking. This recognition is given to top community banks across the country to help people find the best banks in their communities.

President/CEO Ryan Sheridan expressed, "It was an amazing honor for our team at Denver Savings Bank to be recognized as one of the top community banks in the country! Our commitment to our community is to help individuals, businesses, and other organizations reach their goals. This award is the culmination of the hard work, dedication, and care all employees take to ensure that every experience at DSB is extraordinary. The Institute takes many factors into account when selecting Banky™ winners, including mystery phone shopping all staff members, achieving high work culture survey results, giving back to our community with our dollars and time, promoting financial literacy programs, and other factors. Our success is the result of our customers' success, and we are thrilled to be able to share this award with our community."

The Extraordinary Banking™ Awards highlight the vital, yet often overlooked, role that local community banks play in our economy. Without a thriving local banking industry, our small businesses and families become nothing more than numbers inside "too big to fail" institutions. The Extraordinary Banking™ Awards recognize the best of what community banks offer to our cities and towns and the whole nation.
